We have been providing D.E. in the area including Holmen for over 50 years.

**We take teaching your student to drive very seriously, this means taking them for actual driving on the road once every week for 6 times total.
Driving commences in Holmen.**

It is our observation that taking a student once a month or letting them use a simulator is not equal to actual instruction. It seems this type of instruction puts the responsibility for learning to drive upon the parent, and that is not what you pay for.
